

Project LIVE

Volunteer Needs

Project LIVE can use groups or individuals to do a variety of jobs or projects for frail seniors in or around their homes that they can no longer do for themselves and can't afford to pay someone else to do.

Requirements for volunteers are that they either be 18 years of age or, if they are under 18 years of age, have adult supervisors who can take responsibility for them.

Just a few examples of volunteer groups we've had do work for us:

- Scout groups
- Church groups (youth or adults)
- Sports teams (youth or adults)
- Sororities and fraternities
- Groups of friends
- Teams of co-workers.

We have some jobs for individuals and other jobs where we can put two or three individuals together.

Some of the kinds of jobs that we often need done include:

- Making minor home repairs
- Installing home safety equipment such as grab bars or shower chairs
- Yard clean up and maintenance
- Cleaning, decluttering, painting inside and outside the house
- Moving assistance.

Jobs vary in length of time and sometimes in level of difficulty. We can match the job to your schedule and needs.
